FITNESS STATIONS & GAME (20 min.)

STATIONS (10 min.)

Station 1	Station 2	Station 3	Station 4
Squat Hold w/ Kettle Bell	Single Leg Balance w/ Sandbell	Side Lunges	Calf Raises

Setup & instructions

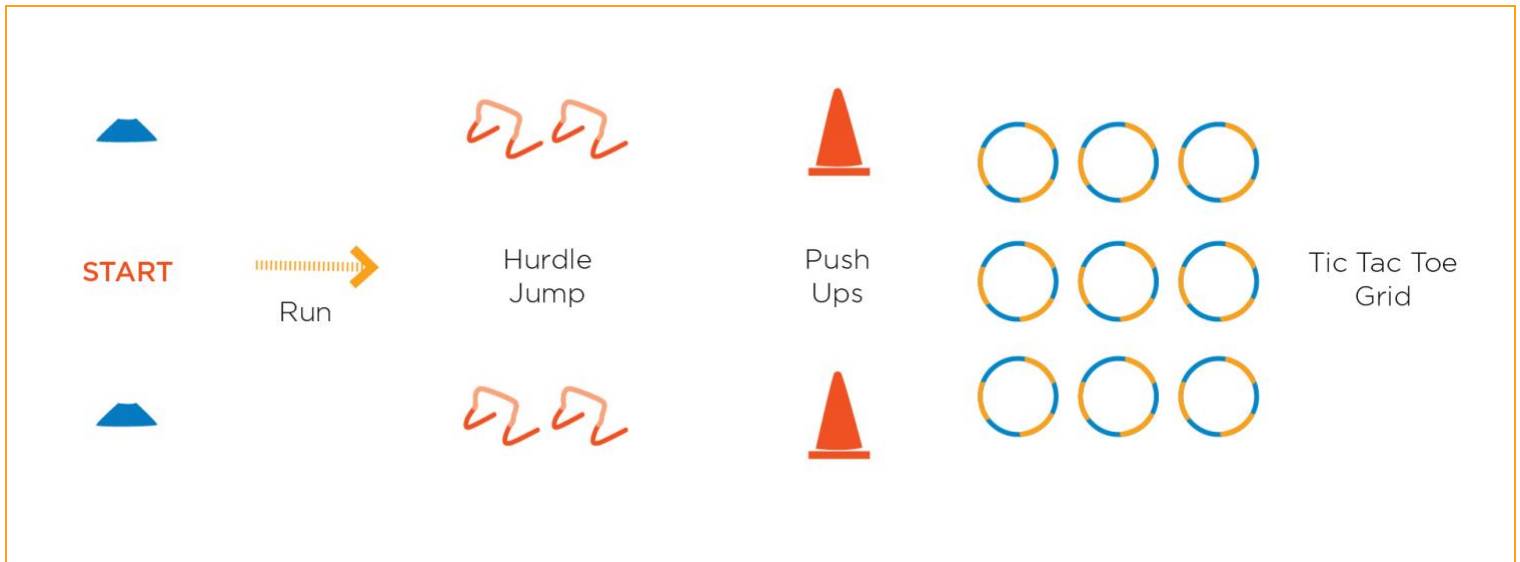

- Use 4 tall cones to designate 4 stations. Each station should be approximately 25 feet apart.
- Divide the players into 4 small groups — 1 group per station.
- All players begin at the same time by performing the fitness movement at their station for 30 seconds. When time is up, players can rotate by skipping, jogging, hopping, or running to the next station.
- Players should complete each station at least 3 times.

GAME (10 min.): Tic Tac Toe

Setup & Instructions

- See diagram for setup.
- The first player from each team jumps over both hurdles, completes 5 push-ups at the tall cone, then tosses their beanbag into one of the hula hoops. If their bean bag makes it into the hoop player runs back to start cone. If player misses, they should pick up bean bag and run back to start cone.
- Each player after takes a turn running the course and tossing a beanbag until one team is able to get 3 bean bags in a row (vertical, horizontal or diagonal).
- Game Variation: Create different obstacle courses to run through before tossing bean bag into a hoop. Examples: agility ladder drills, frog hops on poly spots, etc.

OBSTACLE COURSE (15 min.)

Setup and Instructions

Set up obstacle course in a space that accommodates the size of the group.

- A. Place all players in a line behind the start cone. The first player runs to the first hula hoop, picks up the bean bag, and throws it up in the air. Immediately after throwing the bean bag high in the air, the player tries to spin 360 degrees then catch the bean bag before it hits the ground. If the bean bag falls outside the hula
- B. hoop, the player should put it back in the hoop before moving to the next. Once the first player completes the last hula hoop the second player can start.
- C. After the last hula hoop, the player runs to the agility ladder where they perform an in, out, in, out ladder drill.
- D. Last, the player performs a figure eight soccer ball drill through the tall cones and back to the first tall cone before sprinting back to the start line. Each player should complete the course at least twice.
- Course Variations: 1) Players can perform fitness movements such as jumping jacks or burpees in the hula hoops instead of turning in a circle 2) Change ladder drill to hopping with one or both feet.
 - Course Tip: For a large class, set up 2 courses.

PE GAME (15 min.)

Juggling

Setup and Instructions

Set up a field of play by having players stand in a circle.

Goal of the game: keep the ball from falling.

Fitness Focus: LOWER BODY

- Have one player start with the ball, they must throw the ball to a player across the circle. That player must catch it and then throw to a different player.
- This pattern continues until all players have thrown and caught the ball. Once a player throws the ball, they do not get to throw the ball until the next round. For example: Player A throws to Player B, Player B throws to Player C. Then the last player will throw it back to Player A. Players will repeat this pattern getting faster and faster.
- If a player drops the ball, they must complete 5 jumping jacks before throwing the ball back to the first player to start again.
- Game Variation: Add in more balls
- Game Tips: 1) for younger players use a playground ball 2) for older players use a bean bag.

MINDFULNESS (1 min.)

Body Scan

Setup and Instructions

Group students at arm's length. Students should be calm and quiet before beginning.

The body scan is one of the basic practices in mindfulness, and it is an easy one to teach to children.

Have your kids lie down on their back on a comfortable surface and close their eyes. Then, tell them to squeeze every single muscle in their body as tight as they can. Tell them to squish their toes and feet, squeeze their hands into fists, and make their legs and arms as hard as stone. After a few seconds, have them release all their muscles and relax for 20-30 seconds. Encourage them to think about how their body is feeling throughout the activity.

YOGA STRETCHES (5 min.)

Please choose the Yoga Stretches or Cooldown Stretches below to finish class, or if time permits, do both.

1 breath = 4 counts in, 4 counts out. Start each sequence with 2–3 rounds of breath.

1. Wide-Legged Forward Fold

- Interlace the hands behind the back while placing your feet wide apart.
- Turn your toes slightly in and your heels slightly out.
- Inhale and lengthen your torso, stretching the crown of your head up toward the ceiling.

- Keep both shoulders squared and rooted to the floor.
- Extend the arms to a T, perpendicular to the torso.
- Turn the head so the eyes can see to the left.
